Sunnyvale, Ca. 94086

February 23, 2005

TO: City of Sunnyvale, Ca.  
Planning Division

The Project includes Adding Approximately 183 SQ. Ft. to the above Residence. We need this Addition to Add a Study/Guest Room and Relocate our Kitchen. We are Proposing to Add a Full Bath in the Kitchen past Location.

In Conclusion, the Addition will add to our Family Environment and Enhance our Lives. We are about 2.15% above the Allowable 45%. By Granting this Special Use Permit, We do not think it will have a Negative impact on the Neighborhood or the Neighboring Properties. The Building will be Built in accord to the UBC and Neighboring Architectural Design. Thank you for Cooperation in this Matter.
